This tuff-stone house, with artistic elements integrated into its very structure, is a small jewel nestled in nature. Inside a private courtyard, you can relax beneath a rose-covered pergola, enjoying the fragrant air and the presence of a loquat tree and numerous pomegranate trees

The house is spread over two floors and offers a cozy bedroom, a welcoming living room with a sofa bed, a fully equipped kitchen with an oven, a bathroom with a shower, and a washing machine for all your needs.
