

Cozy house located in the village of Montaldo.

The Village Forest Schol can be reached with a nice 10-minute walk. The house is an attic consisting of a large living area with a large dining table, sofa area with TV and a beautiful kitchen with peninsula. In the sleeping area there is a bedroom with a double bed and a small bedroom also equipped with a double bed.

The bathroom with tub and shower is large with double windows. The house also has a pocket terrace from which you can enjoy an enchanting panorama.

The house is also equipped with a laundry area, wifi internet and an air conditioning split located in the living area.

It does not have a garage, but it is possible to park the car right in the courtyard outside the house.

It should be noted that, since it is an attic, the house has places where the ceiling is low and you can hit your head.

The owners live in the apartment downstairs and are a family who frequents the VFS, during the month of July however only one member of the family will be present (me Filippo).
